

HartRAO SHEQ Induction 2026

Presented By Lungelo Gumede
Health and Safety Officer
Date: 14 September 2026

Please Note:

Radio Frequency Interference (RFI) Protocols

To prevent RFI, note that cell phones and other personal devices with Bluetooth and WIFI capabilities will not be allowed on site. If you bring a cell phone to the site, these should be in 'Airplane Mode' and switched off.

Please Note:

No Drills Planned from September

Emergency Equipment

Manual Call Point

Location

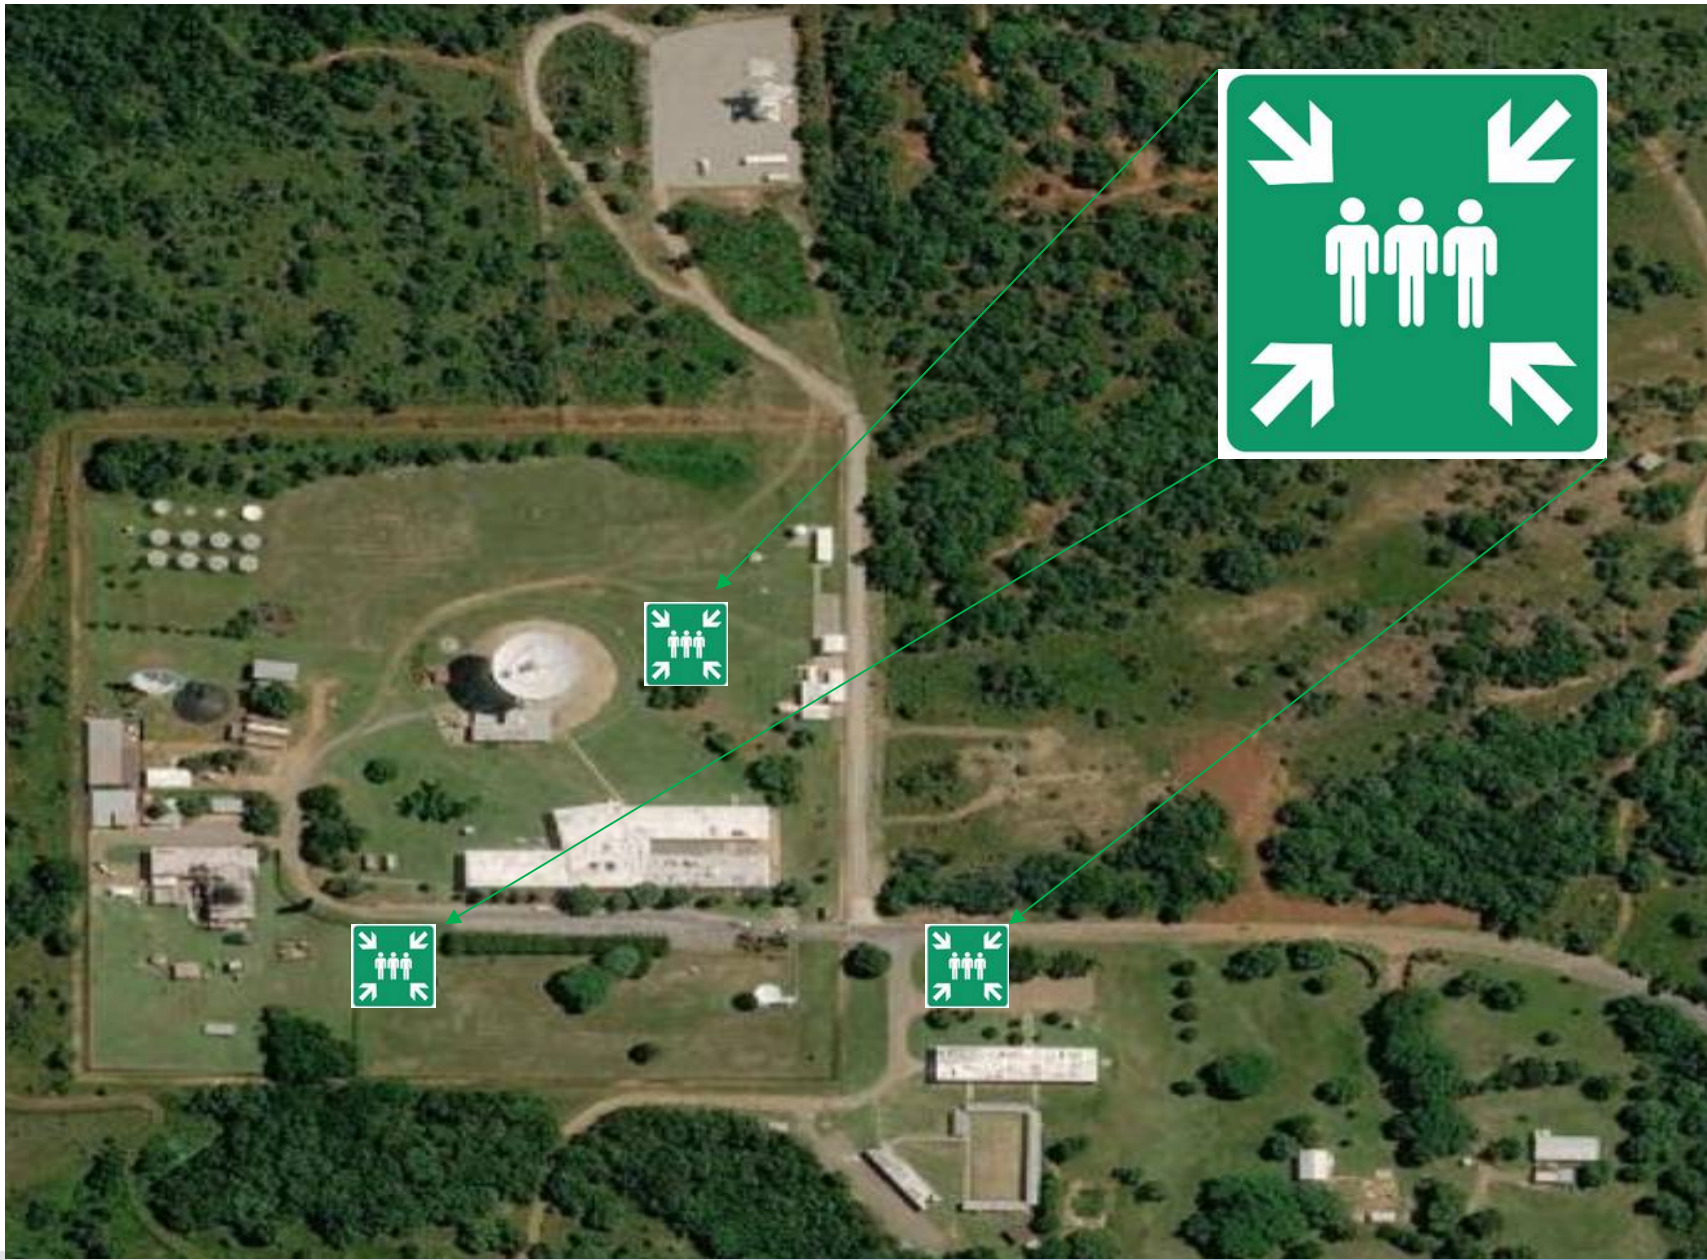

Fire Ext

Hose Reel

Hydrant

Location of Emergency Exits:

Site Facilities:

Ablutions facilities are located at the main entrance of the building and at the end of the passage of the office block.

At HartRAO we make use of a septic tank sewerage system. Please don't dispose of anything that is not biodegradable in the toilet.

Items like the ones here should not be flushed down the toilet!

Plastic bags are available to dispose of these items in the bin provided.

PPE (Personal Protective Equipment)

NOTE:- *All blue and white PPE signs are mandatory.*

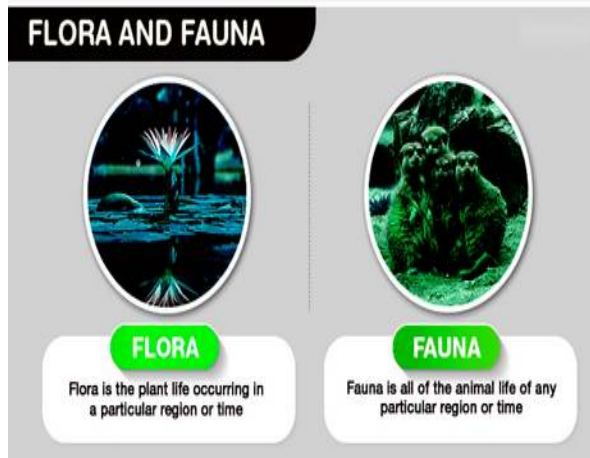

Environmental

SARAO's operation and link to the environment:

SARAO operates in the ecologically sensitive regions which are home to world-class scientific instruments.

In this fragile environment, SARAO adheres to strict environmental management protocols:

- Minimizing plastic usage
- Managing waste responsibly
- Avoiding unnecessary disruption to the landscape
- Do not feed animals
